QuicKLEEN®

The most efficient, ergonomic multipurpose janitorial cart

QuicKleen® is a true multipurpose, multi-mode, cleaning platform. This innovative solution allows personnel to dry mop, broom and vacuum large areas; collect trash; distribute cleaning supplies; or carry a mop and bucket. QuicKleen's unique design and features allows these tasks to be competed with unprecedented speed and efficiency.

- Quick and safe way to transport operator and supplies within large facilities
- Cut response time to reactive cleaning events by 50%
- Increase productivity and reduce labor costs

QuicKLEEN®

Ergonomic, Efficient, Ride-on Janitorial Cart

Multipurpose Cart

- Rapid response clean-up
- Restock bathroom products
- Large mopping area
- Debris pick-up

Efficient & Ergonomic

- Maximize personnel efficiency
- Quickly reach clean-up area
- Safely transport restocking supplies to multiple locations
- Easily move individual trash to collection point

Detachable hand cart

- Quickly detaches / reattaches
- Rolls easily into small rooms and around corners
- Moves smoothly to floor drain to dump mop bucket
- Changes quickly between mop and bucket or trash pick-up configuration

Dry Mop

- Labor efficient
- Ergonomic dry mopping of large facilities such as malls, airports, factories and distribution centers
- Torsion-coupling of mop heads prevents damage
- No-touch latching into retaining brackets

Hitch – Pulling Carts

- No-tool attachment
- Adjustable trailer hitch
- Allows towing a wide variety of light-duty hand carts
- 14 lbs (6 kg) continuous duty pull force can pull a 300-lb (135 kg) cart on a hard, level floor
